## SPONSORSHIP OPPORTUNITIES

Out of the Garden Project (OOTGP) is dedicated to building food-secure communities across the Piedmont Triad. Our programs are designed to meet people where they are, delivering fresh, healthy food to local children and families who need it most.

We believe that when the community comes together to serve one another, we create lasting change. There is a seat at our table waiting for you — because when children and families have the nourishment they need to grow, learn, and thrive, our entire community becomes stronger, healthier, and more resilient.
